

Skid Shoes

Skid Shoes

EXCLUSIVE EDGE WRAP TECHNOLOGY

- MacDon exclusive wrap around edges prevent debris from entering in-between your steel backing plate and skid shoe, extending life
- Allows turning with the header on the ground without damaging skid shoes

EXCLUSIVE TAPERED LEADING EDGE

- Exclusive tapered leading edge results in unsurpassed protection of your steel backing plate, blocking out debris in harsh soil conditions

POLYURETHANE FLEX DESIGN

- Specifically designed thickness to flex, releasing mud from skid shoe in tough field conditions

LOW PROFILE DESIGN

- Low profile design ensures best on ground cutting performance
- MacDon exclusive leading edge prevents dirt pushing and debris build up in all conditions

PRE-DRILLED HOLES FOR GUARANTEED FIT

- All MacDon skid shoes come with pre-drilled holes for guaranteed fit
